

Loire
**DOMAINE
DES HAUTS
DE LOIRE**

In the heart of the Loire castle region, stands a Relais & Châteaux not even the kings of France could resist.

An Onzain fairytale in department 41, Le Domaine des Hauts de Loire is a castle hunting lodge and typical half-timbered dwelling (31 rooms and suites, each holding a unique character). Its construction dates back to 1845-1865, and forever stands in the middle of a feudal estate. The Relais & Châteaux, a member of the prestigious H8* hotel collection, is a milestone among its initiates: a lover of all that is beautiful, green, and good.

The art of food and well-being in a cozy atmosphere in the green countryside of François 1^{er}.

FISH FANTASIES!

We highly recommend to make a detour through this haven of peace to taste the one of a kind Caviar of Sologne or the Royal Daurade which has rarely worn its name this well! Finally, a promise for 2018: a spa By Clarins settles in the outbuildings of the Estate along with a restaurant with "bistro" cuisine. Vary the pleasures and come back.

70 HECTARES OF WOODED PARK

Visit prestigious neighboring tourist castles (Amboise, Chambord, Chenonceau, Cheverny – the one that inspired Moulinsart in Hergé! –) or discover the cellars of the region whose vineyards surround the estate? Swim in the pool or play some tennis? Bike ride around the property's pond or the surrounding golf course? Choosing between a cooking class or a gastronomic tasting at the two-time Michelin star restaurant of chef Rémy Giraud (the only starred restaurant in the region)? So many temptations inviting at least two deadly sins: Laziness and greed... But there is nothing like the warm welcome by Eric Hertz, the place's director.
